“Meltzer Woods is a very special place,” said CILTI Executive Director Cliff Chapman. “There aren’t many places where Hoosiers can visit and see huge old trees that predate Indiana’s statehood and in this case, the birth of our nation.”

“Meltzer Woods is a 60 acre preserve.... Purchased by CILTI in 2014. ...The property was opened to the public on May 19th, 2016.” Quotes from CILTI website.
